

VICTORIA PERRY

Los Angeles, CA • vic.perry@yale.edu • 919 600 0340

EDUCATION

Yale University

B.S. Electrical Engineering (ABET), B.A. Comparative Literature

New Haven, CT

2025 – 2029

Marlborough School

High School Diploma, Cum Laude

Los Angeles, CA

2019 – 2025

EXPERIENCE

Cedars-Sinai Medical Center, Center for Surgical Innovation and Engineering

Los Angeles, CA

Technical Research Associate

May 2026 – August 2026

- Designed and integrated a motorized nanoscale interface scanning system, including a motor-powered drivetrain, lead-screw assembly, custom-machined shafts, CAD-designed supports, and hardware limit switches
- Developed and integrated Arduino/Python motor-control software and GUI functionality for automated positioning and image-acquisition sequences, including motor feedback, fault handling, and calibration

Clinical Research Associate

May 2025 – August 2025

- Modeled acoustic wave propagation through layered biological tissue to estimate sensor signal response in a cuff-based biomedical device; used Python to visualize energy distribution across varying parameters
- Integrated ideas from physics and anatomy to translate a theoretical device layout into quantitative predictions

Children's Hospital Los Angeles (CHLA)

August 2023 - May 2025

First-Author Research Paper: Post-Operative Activity Recommendations for Pediatric Scoliosis Patients (with physician mentors)

- Analyzed survey data from pediatric spine surgeons to determine timelines for return to high G-force activities
- First-author manuscript under review at Journal of Pediatric Orthopedics

John C. Wilson Jr. Motion and Sports Analysis Lab (under supervision of lab engineer)

- Analyzed data to compare motion capture systems and observed clinical patients during motion analysis sessions
- Independently presented research at the Pediatric Research in Sports Medicine (PRISM) 2025 Conference

LEADERSHIP & ACTIVITIES

Yale Undergraduate Research Conference

Associate Director

May 2026 – Present

- Plan and organize logistics and funding for the nation's largest undergraduate-led research conference

External Outreach Team

August 2025 – May 2026

- Connected with experts across various fields to speak at the conference and planned workshops for attendees

Bulldogs Racing

Member, High Voltage Subteam

August 2026 – Present

- Design, test, and maintain high-voltage electrical systems for the team's Formula SAE electric race car
- Collaborate with mechanical and low-voltage subteams to integrate battery, motor controller, and safety systems

FIRST Tech Challenge Robotics – Marlbots 3526

August 2019 – May 2025

Team Captain

- Led the team to regional championships two years in a row
- Collaborated with non-profit organizations to increase access to STEM for underrepresented communities
- Obtained sponsorships from corporate partners and connected with STEM professionals
- Dean's List Semi-Finalist, 2022–23 and 2023–24 seasons

Marlborough Academic Research and Scholarship (MARS)

August 2023 – May 2025

Co-Editor in Chief, Sciences Co-Editor

- Executed the publication of two seasonal journal issues with six student research articles each
- Edited scientific and humanities articles for publication while managing a 12-person staff

Yale Berkeley College Council

August 2025 – Present

Co-Events Coordinator

- Co-plan and execute academic, social, and community-building events for Berkeley College students
- Coordinate logistics, budgeting, and outreach with fellow council members

Yale Political Union – Progressive Party

January 2026 – Present

Member

- Participate in weekly debates within the Progressive Party on current political issues and policy proposals, from the local to global level
- Contribute to party discussions and represent the Progressive Party's platform in cross-party debates on the Yale Political Union floor

SKILLS

Software: MATLAB, Python, C++, Java, R, Onshape, SolidWorks, Arduino, KiCad, LaTeX

Manufacturing: 3D Printing, CNC Machining, Milling, Laser Cutting

Languages: French (full professional proficiency)
